Attachment: Integrated assessment Report**1. Origin and Goal of Activity/Program:**

TFCF establish education program for supporting children go to school and keep them in school until university. The reason that TFCF created this program because many parents in the country cannot support their children goes to neither school nor pay for their study materials. Moreover, student dropout rate is increasing from year to year. **“Education Support Program”** provides basic need of education for children and supports them to get higher education until university. TFCF expect every child we support can get the chance of having a better future.

Our main goal this year is:

- To retain students in school
- To reduce student dropout rate

1. Contents of Activity/Program:

❖ Provide study material:

The education support program did it at the same with sponsor day at Andong community because that time is available for children and their parents come to get services from us especially children leave school at that time. For Peace II, that activity starts the same as new family meeting day because that day, the amount of family is increase. That is why we decided to provided study materials and outstanding and regular students at that time. In these two activities what we have done is: we had 7 scholarship student at to help us at Andong such as control children and provide study materials especially they helped us control thumb print of education support program list. For this year we are not only provide at Peace II and Andong but also we have provide 280 student at CCF. We also had more than 10 students from youth capacity building came to help us at Peace II community. Moreover, we have 3 teachers from DPC School to help us as well. 995 children got study materials in semester 2 and each student got Study Material included: 4 note books, 1 ruler, 1 math box, 4 pens, 1 box of pencil, 1 pencil eraser, 1 pencil sharpener, 3 highlighter and one backpack. We gave them one by one and after they printed their thumb, we passed study materials to them directly. And for providing award for regular and outstanding we requested children come and get it one by one.

❖ Provide award for outstanding and regular students:

For that activity we provide two time a year. The first time start in May (Semester 1) and October(Semester 2).Social worker had speech to children and their parents to keep fighting and try to study hard more and more and also motivate parents pay attention on children in studying and encourage them go to school regularly. There were 30 students from Peace II and 54 students from Andong got award of outstanding students and all of them get certificate too. Moreover, the activity had 50 regular students in Peace II and 97 regular students in Andong community. TFCF provided all those awards to all children because we would like to encourage children study hard and go to school punctuality. More than this, we would like their parents to value education and motivate their children attend school. Each child who passed award of regular students got study materials a set. Each child who got award of outstanding student got study materials a set and admire certificate. All of them come from poor family but they are study very hard even though they are living in difficult situation. Children have an opportunity to get this award of outstanding student form TFCF because of their commitment on studying, and they also get emotional support from their parents and their teachers. At the end of this activity, we took group photos altogether.

❖ College scholarship student

We have provided the money for college scholarship student 50 USD a month for whole year for college scholar ship student and the money we provide to them for every month. Other one we provide the school fee for 500 USD/year for college student who don't get scholarship from the school. There are 4 students who a scholarship student and now they are keep their studying at Royal university of Phnom Penh, 2 student and studying at Royal University of law and Economic, 1 student is studying at Vanda Institute of Economic. They all feel happy to get the money from TFCF aim to keep their studying at university and really thank full for our organization for establishing that program.

❖ **High school scholarship student**

We have provided 18 students from peace and Andong who studying in secondary school. Each students get 50 USD/year and we provide half year for one time. So the children get support for 25 USD for semester 1 and 25 USD for semester 2.

❖ **Study club**

That activity, we have 4 volunteer for two community. We have separate them 2 student responsible at peace II and 2 other at Andong community. In each community, the two volunteer were have their own schedule on Sunday to teach the children. They all try to encourage the children about the ways to pronounce the word, how to calculate the number and the ways to draw and painting the picture. One more thing, sometime, volunteer have English class to teach them as well. We have provide the money for transportation 10 USD to each volunteer. The money provide every month to them. Even the money is a bit low but they all fell happy to share their knowledge and help the children to improve the quality of education.

3. Attendance rate:

- Attendance rate is 100% for all community (**Provide study materials**)
- Attendance rate is 100% student come to class for each community (study club)
- Attendant rate is 60 % for scholarship applied (high school)
- Attendant rate is 98 % for regular student
- Attendant rate is 70% for (college)
- Attendant rate is 93.33 % for outstanding student

4. Social resource:

There are many resources that respond TFCF can use for this education support program:

- a. The place of providing service: TFCF use library of Rudi Boa Center, Peace II and DPC School, Andong and community for providing study materials, award for student, study club and traditional dancing class.
- b. We have CCF office for providing study material as Svay Reang Province.
- c. Volunteers: 2 volunteers and more than 10 students of youth capacity building from Peace II helped to provide study materials and manage families and children.
- d. Three teachers from DPC School helped to manage children while provide study materials and award to student at Andong community.

5. Participants' Feedback:

According to children and their parents that TFCF provided study materials, award for outstanding and regular students, study club, traditional teacher and scholarship student they have some comments include:

❖ Study materials:

- a. They were happy to join and see their children got study materials and award.
- b. They were very glad with this support so as to keep their children in school sustainable.
- c. They are really thankful TFCF for supporting their children.
- d. Those study materials will help their children in studying and reduce expense in their family.
- e. Their children will get enough study materials so that children can be concentrate on their study and encourage them go to school regularly.

❖ Award for outstanding and regular student

- a. They are feeling happy and enjoyable to get award from TFCF.
- b. They are all try to keep study hard and keep go to school regular.
- c. They are strong commitment to go to school regularly.

❖ Scholarship

- a. That three student are very happy to get sponsor from TFCF
- b. They said that, they will keep their studying until graduate
- c. They are try to study hard to achieve their goal.

❖ Traditional Teacher

- a. All children are very happy to join dancing class.
- b. The children said that they will have a chance to become a professional dancer in the future.
- c. The teacher said that she will create one group for the classical dancing class so she need the male dancer more.

6. Suggestion

Based on children and their parents that TFCF provided study materials, award for outstanding and regular students, study club, traditional teacher and scholarship they have some comments include:

- a. Children hope that TFCF should provide that gifts more than study materials in next semester because that study materials really useful for them to keep study.
- b. Outstanding students and regular students have strongly commitment to keep studying hard aimed to get this award next time.
- c. Children were really thankful TFCF for supporting them in studying.
- d. Study Club-The two volunteer at Andong are happy to share their knowledge and said that it will be

better if TFCF provide some funny activity like small party, and material for children to play like ball or any toys for them.

- e. The two volunteer at Peace II are also happy to run their job and they said that it will be better if TFCF provide some paper, marker, color pencil to them to practice painting and drawing.
- f. The scholarship student really thankful to TFCF that support then for 50 USD/ month for their daily payment. And they said that they will try to study hard to improve their ability.
- g. To make that activity more helpful I suggest keep follow up attending of children studying situation and encourage them.
